to-day in the cricket tournament which opened yesterday. Pittsburg were first on the ground and played Chicago to a finish, winning by 39 runs. The St. Louis players were drawn against Minnesota, and, after a well-fought game, were returned victors by a marrow margin.

The St. Louis representatives, notwithstanding their midnight journey to this city, were in first-class condition and fielded solendidly, beating their opponents at all points of the zame. Minnesota won the toss and took first knock on a good wicket. The St. Louis attack was intrusted to Big Robbie and W. S. Newhall, and so well did they acquit themselves that Minnesota was all out for the small total of 35 runs.

The manipulation of the ball by Robinson was phenomenal. He gave away nine runs only, and secured six wickets, thus easily establishing a bowling record hard to beat. W. S. Newhall also bowled, and John Flymyer, the new wicket keeper, made a very favorable appearance at the bat was good, but their appearance at the bat was disappointing, the big hitters. W. S. Newhall, E. Duckworth, Big Robinson and W. J. Price being all dismissed for a small total. Minnesota played splendid cricket, and runs were hard to get. St. Louis eventually establishing a lead on the first inning of seventeen runs.

In the second inning of the game, Minne-

ually establishing a lead on the first inning of seventeen runs.

In the second inning of the game, Minnesota gave a more vigorous display in batting and succeeded in running up a total of
66, thus leaving St. Louis 16 runto make to win the game. Some
fine hitting by Robbie and steady batting
by W. J. Price enabled St. Louis to approach within fourteen runs of their opponent's total, when time was called.

As the second inning was not completed
the game was decided on the first inning in
favor of St. Louis, who thus open the tournament with a victory to their credit. W. S.
Taylor of Plitsburg and captain of the Harvard University Cricket Club will be in St.
Louis on Monday next, and will play cricket
at Forest Park for the remaining season.

Philadelphia, Pa., July 20.-St. Louis won to-day's game from the Athletics by the score of 3 to 2 because they were fortunate in bunching their hits in the fourth inning. A triple, base on balls, another triple and s long fly to center in this inning were sufficient to tally three runs, which proved to be enough to win. It was a pitchers' battle from the start. Plank had the better of it, striking out ten

men and allowing but five hits, while Sievers ot credit for fanning four men and was hit safely eight times. Owing to the crippled condition of the St. Louis team Connie Mack hoped to take all the remaining games, but luck seemed to be against him Plank and his colleagues worked hard for victory, and when the board showed that Detroit was leading against Boston they redoubled their efforts. Hoffman, who left the champions last week and went to Springfield, returned to-day and took Hartsel's place in left field, the latter still being un-

able to manage his "Charley horse." He will be out of the game for a week or more. GAME WAS SLOW The game was slow until the fourth and then the bleachers woke up. In St. Louis's half. Heidrick, the first man up, tripled to right center, Friel waited for four wide ones and came across the plate with Heldrick when Anderson sent one into center that was good for three bases. Anderson scored on Wallace's fly to Hoffman.

The champlens scored two in the eighth and threatened trouble when Hoffman came and threatened trouble when Hoffman came to the bat with Captain Cross on third. The crowd footed hard for another hit by the returned "jumper," but Sievers fooled him with three han ones. Pickering opened the inning with a three-bagger to right and scored on Davis's single. Friel was so anxious to head off Davis at second that he threw wild to Wallace, who was covering the bag. Both men were safe at third and second.

second. Davis scored on Seybold's sky scraper that Heidrick captured, but Hoffman was not equal to the demand on him and struck out.
Two games will be played to-morrow.
Connie Mack hopes to take both games and make the closing of the series a memorable one.

The Cincinnati Reds and the Cardinals will in-dulge in the second game of the series at the Vandeventer avenue grounds this afternoon. On their showing yesterday the Cardinals have more than an even break to win. "Plucky" Dunieavy, Denovan's Toronto recruit, will do the twirling for the locals, while the Reds will probably use Phillips.

"Heine" Peltz, a St. Louis boy, who, with Breitenstein, another product of the Mound City, formed the famous Pretzel battery, is playing third bose for the Rels at present. Yeslerday he accepted seven chances without an error.

Davy Brain made another sensational cate yesterlay. In the fifth inning "Cosy" Dolar hammered a red-hot liner midway between Burk and Brain. The speedy shortstop was off the mark like a sprinter and by a brilliant effor captured the ball. The catch was a beauty an Dave was given the glad mitt as he strode of the dail.

O'Neill had Bergen caught so far off seco yesterday that the Reds' catcher was asham of himself and slowed up near the middle pillo Ren Mulford, Jr., Joe Campbell and Charle, Zuber, three Cincinnati scribes, are with the Reds.

After spending several days about three outside of Philadelphia, Danny Hoffman backed to return to the fold of Connie Mack-McCormick finally broke into the hit column yesterday. For the first time since he became a Senator Barry made a hit.

Judge Davidson Will Present His Instructions This Morning and Arguments Will Follow.

RUDOLPH'S SISTERS On STAND.

Girls Are Loath to Give Testimony Damaging to the Defendant and Thereby Make Good Witnesses for the State.

BY A STAFF CORRESPONDENT. Union, Mo., July 20.-Court adjourned shortly after to'clock this afternoon to give. the lawvers in the trial of Fred Colling, the Union Bank robber, charged with the murder of Detective Charles J. Schumacher, an opportunity to prepare their suggestions for the instructions of the jury. All the evidence is in, and the cases of both sides are closed, save for the arguments before the

Judge Davidson will instruct the jurors regarding the laws governing the case tomorrow morning, and the arguments by counsel should begin immediately. It is be-lieved that a verdict will be reached before to-morrow night. There was some talk this afternoon of arguing the instructions this evening, but Judge Davidson would not consent to having the prisoner brought into he courtroom at night.

The electric lights often go out suddenly and the court did not care to take the risk of an attempted escape during the confusion incident upon the courtroom being plunged

into darkness. Judge Jesse H. Schaper, leading counse for the defense, said to-night that if the court instructs for murder in the first degree or acquittal, without allowing a verdict carrying a Penitentiary sentence, he will

It is intimated that Judge Davidson will issue instructions for either the death penalty or an acquittal.

Esther Rudolph, Bill Rudolph's younge eister, proved a strong witness for the State, as did Nellie Rudolph, her sister, although both girls were placed on the stand The manner in which the girls answered

the questions asked by both the attorneys for the State and those representing Col lins was such as not to impress the jury. Esther was especially backward in her replies. When the question had little bearing on the case her answers were prompt and distinct, but on any vital topic it require! the utmost effort by both the prosecuting Washington, July 20.—Washington took its third consecutive game from Chicago to-day, winning out in the last inning. WOMEN CROWD COURTROOM. This afternoon the court-oom was mor crowded than at any previous session of this case. The women are greatly in excess of the men spectators, and there were also more than twenty young children present. Two little boys, who said they were 6 and

8 years old, climbed upon the railing of the clerk's desk and remained there throughout the day, listening intently to the descriptions of the murder given by Esther and Nellie Rudolph. The space in the rear of Judge David

on's chair was crowded with girls in shore dresses, and many young girls were seen seated in other parts of the courtroom, Sev eral women were present who carried babies and very young children in their arms. Frank Rudolph was recalled this

morning by the State for cross-examination She was questioned regarding Fred Collins and stated that he used the name of Lewis when living with her family, but that he was no relation of her husband as had been stated to neighbors. Frank Rudolph also was recalled. He

said it was by Collins's advice that he had introduced the prisoner as "my nephew Henry Soph was the first new witness to

be introduced by the defense. The result of his testimony was to impeach the evidence offered by Lou's Vedder. Soph stated Vedder had told him that he was unable to say whether Schumacher had fired during the fight at the Rudolph house on Jan uary 24.
NONE OF HIS BUSINESS.

Nellie Rudolph, 16 years old, was the next witness. Her answers were barely audible, and in ending she caused a ripple of mirth by informing Attorney James Booth that "It was none of his business" in reply to a question regarding whether Collins ever "paid his addresses to her."

Her testimony was to the effect that Rudolph and Collins were standing in the dining-room when the approach of the posse was noticed by her sister. She said that a loud knocking at the door was heard, which was followed by several shots from outside of the house.

After the shots had been fired, she said

Rudolph told her to go into the cellar, as "there would be trouble." She obeyed and did not re-enter the room until after the fight was over. She claimed not to know who killed Schumacher.

The defense attempted to bring out dur-

ng the examination of Esther Rudolph, who s 14 years old, that she had been coerced by the persons who secured her testimony at the Coroner's inquest and the de facto exmination conducted by Prosecuting Attorney Meyersleck immediately following the shooting of Schumacher.
GAVE HER CANDY.

The statement was elicited that August Hoffmann had given several oranges and some candy to her. She stated that Detective Winn, a Pinkerton man, had used her roughly. The cross-examination of the little gir was particularly severe and the State suc

ceeded in breaking down her testimony in several important details. In rebuttal Hoffmann was placed on the stand by the State. He admitted that he had given Esther oranges and that he had

the papers secured from the Union Bank. Before court convened this afternoon 3 new Grand Jury was instructed by Judge Davidson, Joe Smith, who is charged with the murder of his stepbrother, John Rhodus, was brought into court and asked whether he had any objection to any man on the Grand Jury. He replied in the negative. H. G. NICHOLAS.

He added that if the agents had heard anything to the contrary it was wholly without foundation and unworthy of credence.

Fifty members of the association visited the grounds and inspected the buildings from the observation train. Most of the agents were accompanied by their wives. They left the city last evening for Eureka Springs, Ark, to hold the seventh annual convention.

## Cancerous Ulcers

ROOTED IN THE BLOOD. After the age of 45 or 50 when the vital powers are naturally weaker it is noticed that a hurt of any kind heals slowly and often a very insignificant

scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating, sloughing ulcers.

A small pimple came on my jaw, but gave me no pain or inconvenience, and I should have forgotten about it had it not begun to inflame and the life, then seab over, but would not heal. This continued for some time then the Caner half dollar, when I heard of S. S. S. and determined to give it a fair trial, and it is remarkable what a wonderful effect it had from the beginning; the sore began to heal and after taking a few bottles disappeared entirely. This was two years ago; there are still no signs of the Caneer, and my general health continues good. Ers. R. SHIRER, wysconds, Mo.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean they are not healing. A blood

the surface clean they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remaining poison is that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it and medical advice or any information you may desire will be given by our physicians without charge.
